Corpus Christi Catholic Primary School

Year 1 – Seasonal Change MTP Unit Overview

Outcomes:

By the end of this unit all pupils should :

- observe changes across the 4 seasons
- observe and describe weather associated with the seasons and how day length varies

By the end of this unit pupils should have developed the following working scientifically skills:

- Asking simple questions and recognising that they can be answered in different ways.
- Observing closely, using simple equiptment.
- Performing simple tests.
- Identifying and classifying.
- Using their observations and ideas to suggest answers to questions.
- Gathering and recording data to help in answering questions.

Progression:

Prior learning:

Understanding the world

The Natural World ELG - Understand some important processes and changes in the natural world around them, including the seasons and changing states of matter.

Building towards:

Year 2 Plants

Pupils should be taught to:

- observe and describe how seeds and bulbs grow into mature plants
