Message from Miss Stephens

Year 4 Mass at Church

It was a wonderful occasion to see our Year 4 children participate in the regular parish Mass this week. The children represented our school beautifully, demonstrating respect throughout the celebration. They confidently led some of the prayers showing growing faith, confidence and independence in worship.

We would like to extend our sincere thanks to the parish community for warmly welcoming our children and supporting them in their faith journey. Opportunities such as these helps strengthen the links between school, parish and home and enable our children to play an active role in the life of the Church.

Year 6 Kilve Residential Assembly

Our Year 6 pupils proudly led a whole-school assembly to share their experiences of the recent Kilve residential. The children spoke confidently about the activities they took part in, what they learned, the challenges they overcame and the memories they will treasure. It was wonderful to welcome parents and carers who joined us to celebrate the children's achievements. We also invited Year 5 parents to attend, giving them an insight into what the Kilve experience is like before their children have the opportunity to go next September.

Picture News at Home

At Corpus Christi, we use **Picture News** during our Key Stage Celebration of the Word to help children explore current events, develop their understanding of the wider world and reflect on important issues through the lens of our Catholic values. This week's discussion focuses on school lunches and follows the recent announcement that the UK Government plans to make food served in schools across England healthier from September 2027. The key question for children to consider is:

Who should decide what we have for school lunch?

We encourage families to continue the discussion at home. Talking about current events helps children develop their communication skills, critical thinking and confidence in expressing their views while listening respectfully to others. Parents and carers can access the Virtual Picture News resources using the link below:

We hope you enjoy exploring this topic together and hearing your child's thoughts and opinions. By working together at home and school, we can help children become thoughtful, informed and compassionate citizens.

We are on Facebook! Stay up to date with the latest news, events, celebrations and reminders by following our school Facebook page **Corpus Christi Catholic Primary School**.

Polite Reminders

Our school day starts at 8.45am. Any children arriving after this time will be marked on the register as late.

Toys – Children should not bring toys or personal items into school from home. Unfortunately, items can easily become lost, broken, or damaged during the school day, and we are unable to take responsibility for them.

Hair Accessories - We kindly ask that all children wear sensible hair bands, clips and slides to school. Large decorative accessories, such as oversized bows and novelty headbands and slides, are not suitable for school as they can be distracting in lessons and may become uncomfortable or unsafe during playtimes and PE activities. Thank you for your support.

Parents RE Questionnaire

We would be grateful if you could please take a few moments to complete this short questionnaire about Religious Education (RE) in our school. Your feedback will help us continue to develop and strengthen our RE provision. Please complete the questionnaire by **Wednesday 21st October**. Thank you.

FFA School Disco

Please book your tickets via the 'Products' section of your 'My Child at School' app.

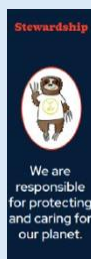

Parking

Please do not park in or block the outside of the Church or Presbytery when dropping off/picking up your children from school. Canon Tom often needs to leave at short notice to make important visits and has found himself blocked in on more than one occasion. Thank you for your understanding and co-operation.

A glimpse of learning this week:

It has been another busy week in **EYFS**! The children began Phase 2 Phonics, learning **s, a, t** and **p**, alongside their first week of handwriting. In Maths, they built on their 1:1 correspondence and subitising skills by exploring groups of 3 and 4. They also created portraits of **Mo Farah** for Black History Month, discussed the love they have for their families in RE and began rehearsing for their upcoming **Tie Ceremony**.

What a busy week **Year One** have had! The children have moved from place value into addition and subtraction in Maths and have enjoyed learning about part-whole models. Inspired by *Leaf Man*, they are working hard on their sentence writing ready to create their own story next week. In RE, they have explored the value of **Stewardship** and thought about the important role we all have in caring for God's creation.

In **Year 3** this week, we have been working on team building and problem-solving skills in our PE lesson. We have had to work through a number of challenges in groups, working on communication and resilience. We have worked in pairs to guide a blindfolded partner through a course of cones. Also, we crossed the hall, in teams, but we could only stand in a small number of hoops. If we touched the floor (outside of a hoop) we had to go back to the start. It was great fun!

Year 5 – A Wonderful Week of Learning!

What another fantastic week in Year 5! We are incredibly proud of the children's enthusiasm, perseverance and positive attitude towards their learning.

The children have continued to make fantastic progress in swimming, with some showing real courage in overcoming their initial worries and even challenging themselves to swim in the deep end! In Science, they enjoyed a hands-on investigation into **sieving**, exploring how different materials can be separated. In Maths, Year 5 have successfully completed their Place Value unit, developing their confidence in rounding numbers within 1,000,000. They have also explored what it means to "**love your neighbour as yourself**", linking our learning to the Catholic Social Teaching principles of **Solidarity and the Common Good**. The children reflected thoughtfully on how we can care for others, work together and help to create a fairer and more caring community.

Canon Tom is our Parish Priest.
